

Fire Drill Visual Story

What is a Fire Drill?

A fire drill is when we practice what to do in case of a fire.

We practice what to do in case of a fire to help keep us safe.

What are other things we do to help keep us safe?

Wear a helmet

Wear a seatbelt

Wear a mask

When the fire drill starts, I will hear an alarm. I might see flashing lights too.

**If I feel nervous, worried or scared I can
take a deep breath.**

I will line up with my classmates.

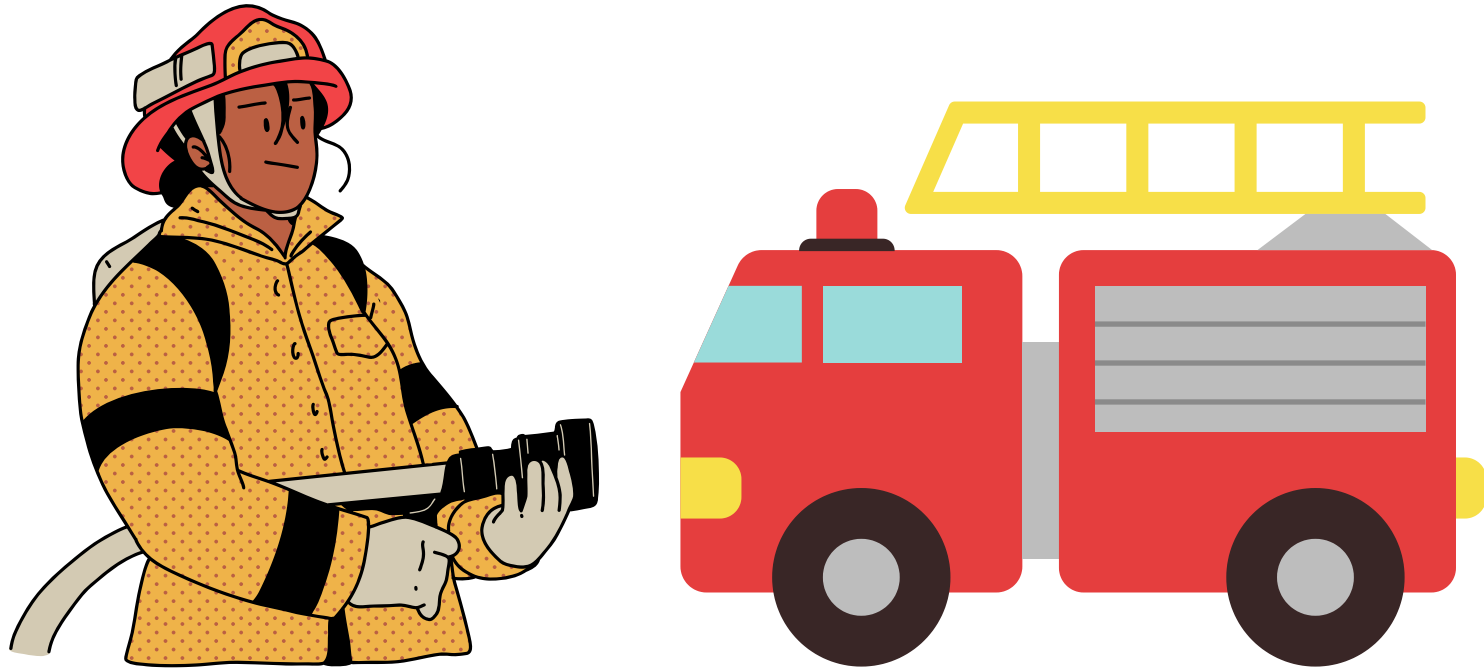

I will remain quiet so me and my classmates can follow our teacher's instructions. This helps keep us safe.

I will calmly leave the school building with a teacher.

I will stand outside and wait for instructions.

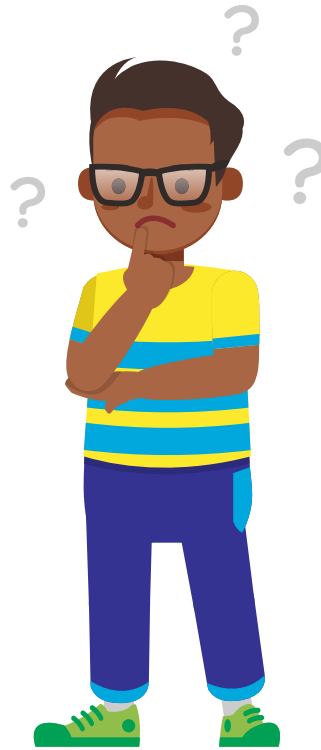

I might see firefighters or a fire truck. They are also practicing in case of an emergency.

**When it's time, I will follow my teacher back
into our classroom.**

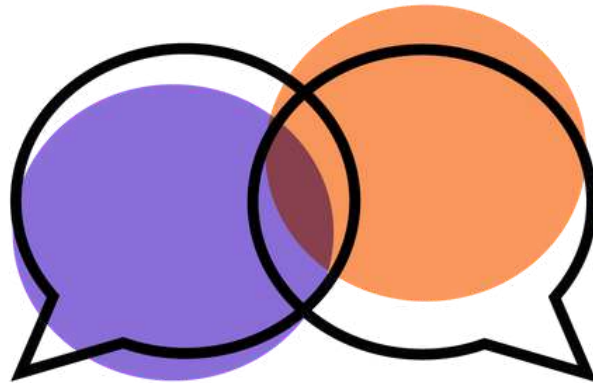

I will sit at my desk and wait for instructions from my teacher.

If I have questions about the drill, I can ask a teacher or grown up.
